

Prize Validation Promo Codes

Consider implementing our new validation custom promo code feature to guarantee that customers do not take advantage of your prize offers and discounts.

Set up custom single-use promo code validations manually or upload multiple validation codes from an Excel spreadsheet when creating the prizes for your campaign. Create a global code(s) or a pool of unique codes for limited or unlimited use.

STEP 1.

Open **Edit Prize** and activate the **(A) Is Promo Code Needed?** toggle switch.

STEP 4

Drag and Drop Excel doc onto **(A)** to **Upload Promo Code** > Click **(B)** **Upload Promo Code** and then click **(C)** **Back to Promo Code** to go back.

You can only upload 10,000 codes at a time. To add more, repeat the process again as many times as needed. If you have hundreds of thousands of codes to upload, we can arrange to do it or you.

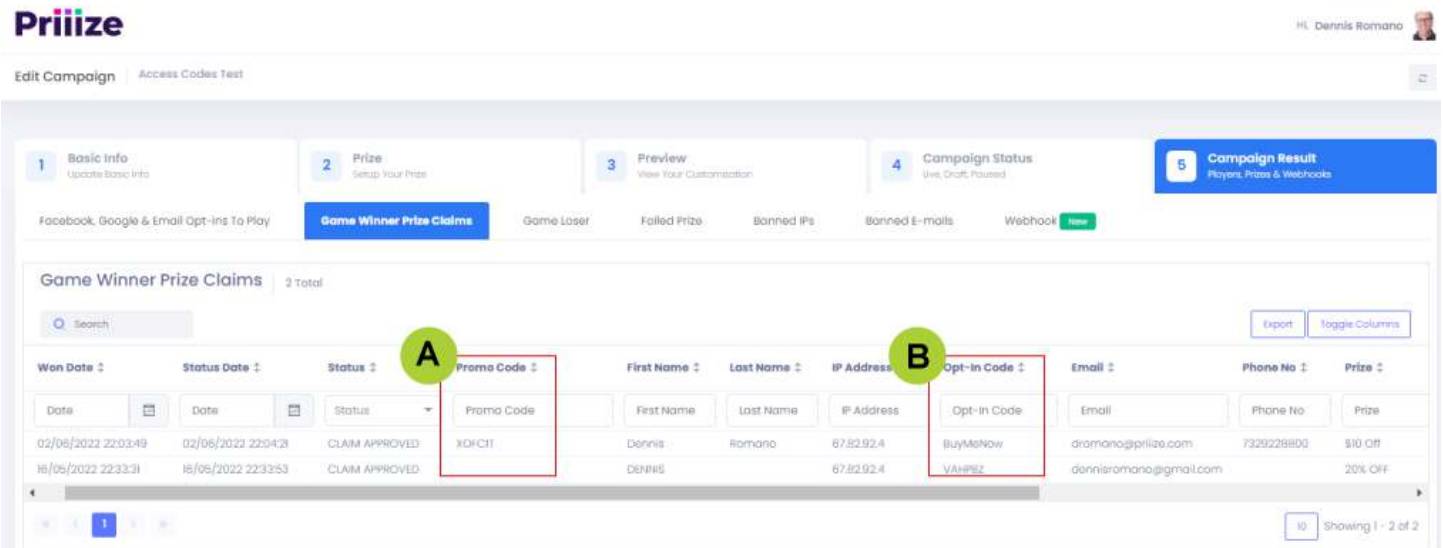

Your **(A)** **Promo Code** will display on the Claim Status Page and Prize Claim Email Notifier.

Cont'd

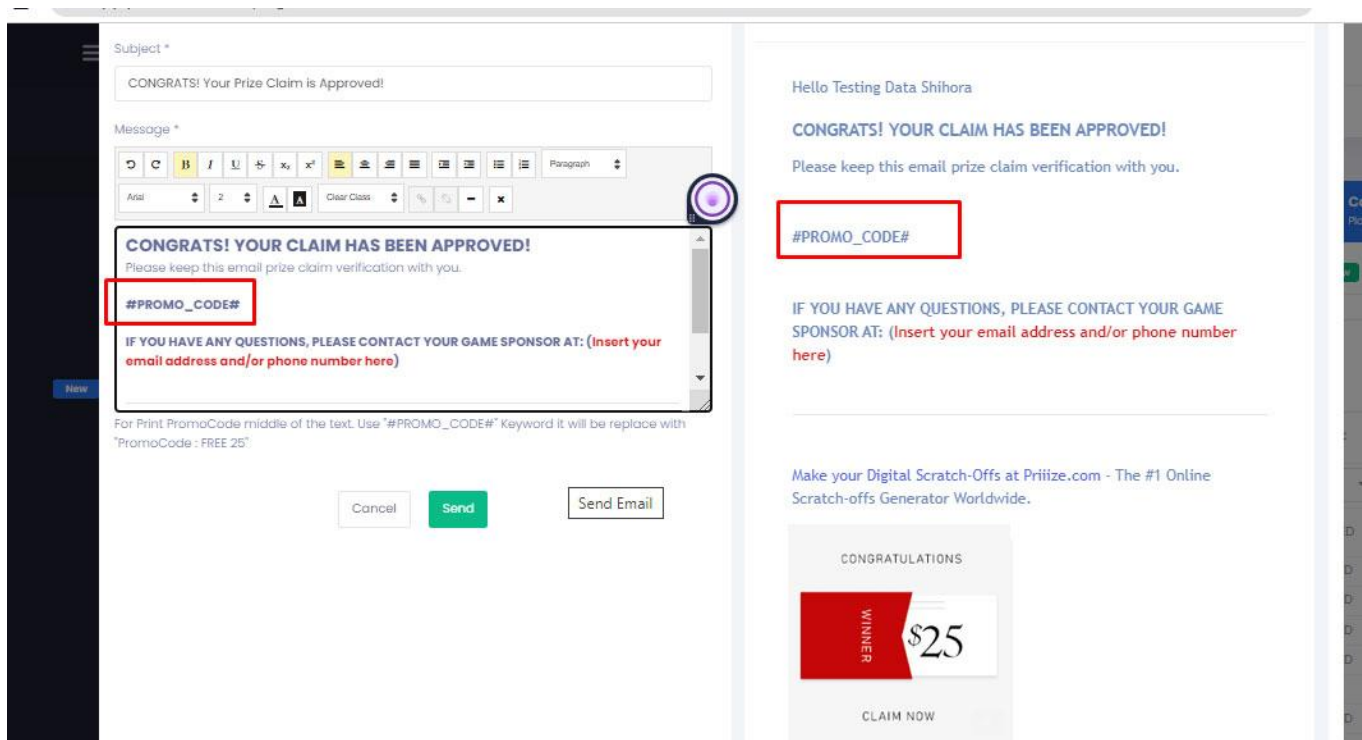

Your game (A) **Promo Code** will display on **Tab 5 Campaign Result** under the **Game Winner Claims** column, and if you are using the *Opt-In Form*, the **Opt-In Codes** will appear under the (B) **Opt-In Code** column.

NEW FEATURE:

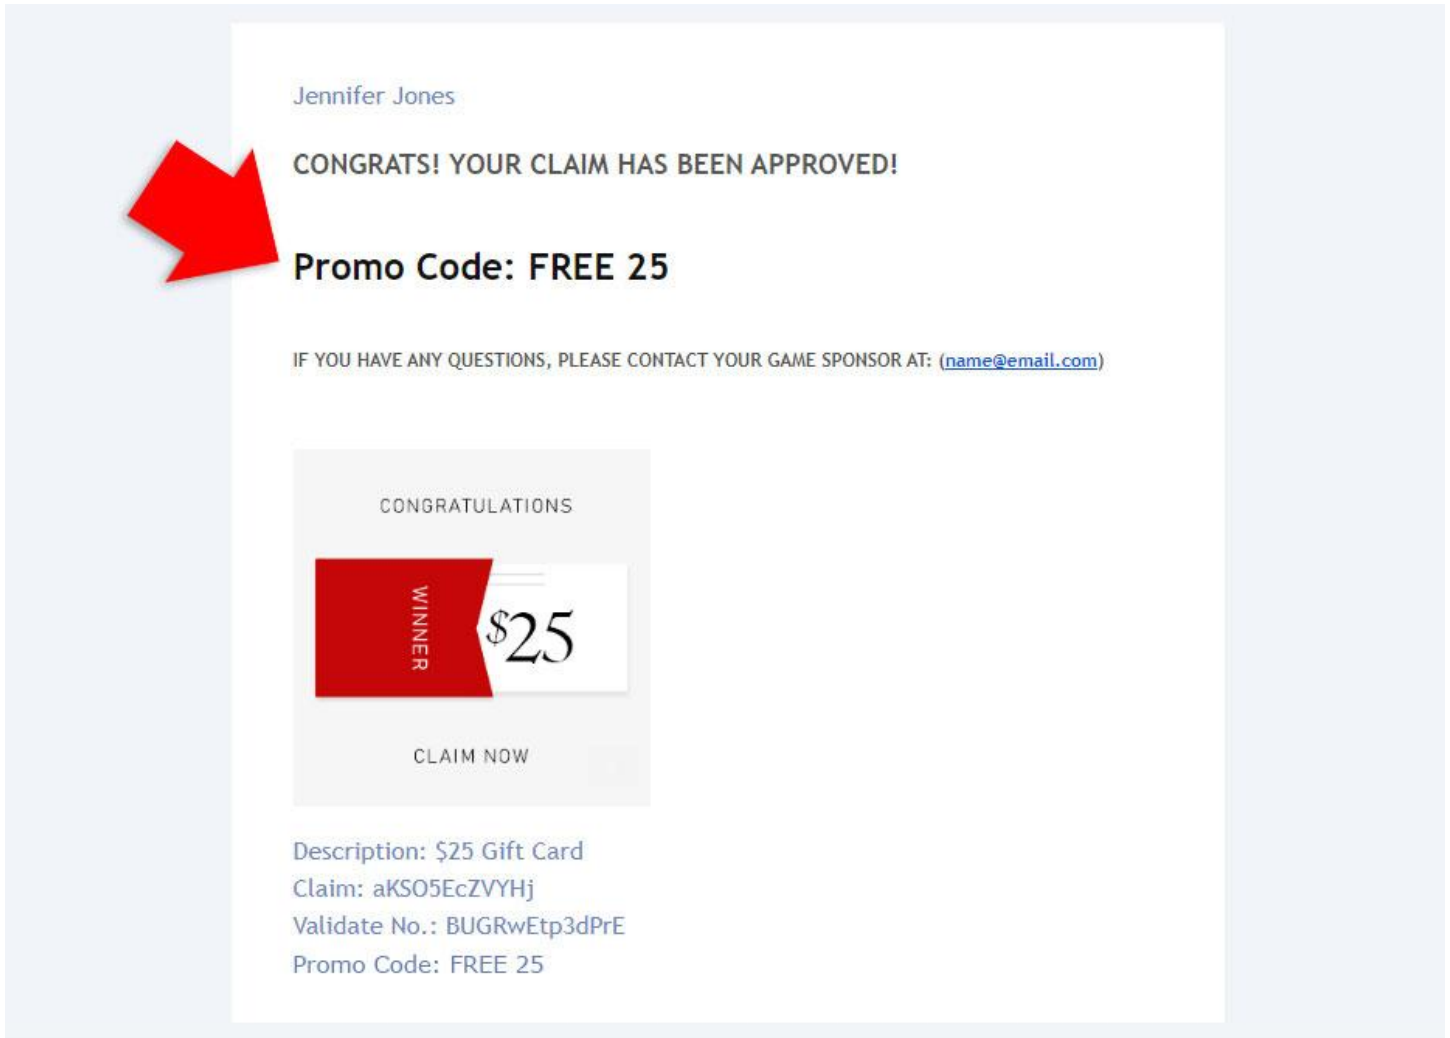

Display Promo Code in winner prize claims email notifier prominently with a shortcode.

To display the Promo Code on your email notifier type in "#PROMO_CODE#" in the body of your email and it will be replaced with your actual promo code. Example: "PromoCode: FREE 25"

Cont'd next page >

The Winner Email Notifier will display the actual Promo Code where you placed the shortcode for it.
